SPECIAL ABILITIES

Stealth: If this model is not in Melee with an enemy model, they may spend 1 ACT to place 2 Stealth Markers within 1/2" of this model, then set this model aside from the playing area. Each Marker may move up to 6" during this models turn and may perform no other Actions. This model may spend 1 ACT to replace one of the Markers with itself, removing the other Marker, and continue its turn as normal.

Lock-on: This model may spend 1 ACT to automatically hit its target with the Lazer Canon. This must be made known while declaring a target. A PRC roll is still required.

WEAPONZ

Wrist Claws: This weapon causes 2 damage.

TALENTZ

Νυκλεαρ Βλαστ (Nuclear Blast): Every model within 12" of this model takes 1 damage. This may be used immediately after this models last BP is marked. Remove this model once this Talent is used.
